L I M I T A T I O N S A N D C O N D I T I O N S :

1. Due to the fact that a citizen puts the **burden of proof** in any civil (money related/non-criminal) tax proceeding on oneself by signing forms under "penalty of prejury" with the IRS and other purported State Income Tax Agencies, membership in the LEGAL DEFENSE FUND and TAX DEFENSE PROGRAM is not available for those years in which the student has signed any Income Tax Confessions (returns) with the government at either the Federal, State, or Local level, unless the following conditions are met by the member: a) a notarized copy of any tax return which the individual has filed with the IRS or the State Tax Agency, along with a notarized copy of the receipts, cancelled check or other documents that prove the existence and accuracy of the expenses and deductions the individual has claimed on his tax returns, must be delivered to FLS within 60 days after signing up for membership or 60 days after the signing of such returns, whichever is earlier. b) a list of witnesses who can testify to the existence and accuracy of the claimed expenses or deductions or both, with address and phone number of the witness for all items of expense and deduction which are over \$10. This list shall be updated every 12 months for ten years after the date of filing of the tax returns. If the FLS student has been under a criminal summons, indictment and/or arraignment before joining FLS, the FLS student will have to pay extra funds for such defense.
2. Membership in the LEGAL DEFENSE FUND is limited to: a) criminal charges alleging failure to file returns (Federal, State or Local) for years in which the purchaser filed no Federal, State or Local income tax returns of any kind, Aid and Abet charges stemming from Franchise Tax Board Code section 19701B, or Criminal charges for filing a fraudulent W4 form, b) criminal charges under 26 USC 7201 for filers and non-filers. Claims on the LEGAL DEFENSE FUND must be made at the first implication of criminal investigation by the government, as it pertains to the criminal tax charges, to the Primary Administrator, Peymon Mottahedeh. **Membership in the LEGAL DEFENSE FUND does NOT have a waiting period. No one is rejected from membership, but those with pre-existing conditions may have to pay additional fees if they wish FLS to handle their pre-existing situation. Call us for more details about your particular situation.**
3. However, if the IRS or a State Income Tax Agency (SITA) has made written claim(s) that the FLS student owes money, or they have summoned the FLS student or a third party about the FLS student or is about to take the money or property of the FLS student, the FLS student will have to pay for the extra work associated with challenging the IRS or SITA's claim(s) or attack(s). A copy of all Income Tax Agency correspondence received by the FLS student must be immediately forwarded to FLS for review for FLS to start formulating a proper response.
4. The current price of the RFP is **\$6,000** for the first year. **Each year thereafter, it is \$3,000** for people living in a state with no income tax (Alaska, Florida, Nevada, New Hampshire, South Dakota, Tennessee, Texas, Washington Wyoming), **\$4,000 for Californians each year thereafter**, and **\$3,500 each year thereafter for people in all other states**. Due to the government forcing us to accept papers called Federal Reserve Notes, which the banks and Federal Reserve have been authorized to create out of thin air, these prices are subject to change no more than once per year. The RFP price includes spousal coverage at no extra cost.
